Modern College gives students the support, skills, knowledge and experience to make the successful transition from course to career. While academic learning helps students develop their subject knowledge, the vibrant students life at MCPS helps them understand the application of that knowledge in a practical sense.

At MCPS, students are encouraged to participate in extra and co-curricular activities to discover their strengths, pace studies, choose their courses and plot their own learning curve. Academic learning supported by student initiatives, volunteering activities with student council responsibilities and cultural activities shape the character and mould students to become independent innovators and leaders through self-learning.

Cultural

Culture arises from human beings response to the world, as such it doesn't really have a goal except to help humans try to come to terms with the world and the things in it. That can be through understanding or to create happiness or contentment or meaning and a feeling of safety or all of those. To provide a platform for budding artists and musicians. To inculcate team spirit and to account for overall personality development of students.

Community

Community work is a planned process to mobilize communities to use their own social structures and resources to address their own problems and achieve their own objectives. Community work focuses on participation and fosters empowerment, emancipation and change through collective action.

Student Life

Co-Curricular

Co-curricular activities improve the learning experiences of students, help them identify and develop their inner talents like creative & public-speaking skills, leadership qualities, etc. Co-curricular activities offer them an opportunity of thinking
