### Suggestions-

1	College must organise games for students, so that students can be more active.
2	Good teaching environment.
3	Please add some more units to our syllabus and provide some deep knowledge of computer programming languages.
4	Please add real world examples, hold events with other colleges, and encourage real life lessons in the curriculum.
5	Please make subjects more project based so that not only is it easier to learn but also that we have something to add to our resume or portfolio by the end of each Sem.
6	Timely coverage of syllabus.
7	All is good but could be better.
8	More workshops.
9	Weekly quiz regarding the things taught in the week will be helpful.
10	In the syllabus of our course, grammar should be in the first semester so students can understand the language as well as they can relate one thing to others.
11	The evaluation made to the assignment should be soft and should help us to score better in overall result.
12	No changes required. Our teachers are superb.
13	There should be proper classes for skill enhancement and also for the placement.
14	As a student, we have lot of assignments and tests whether it is oral or written. So, as a student I need Saturday off to focus more on my studies.
15	Encourage good connection between the teachers and the students.
16	The college in which I am studying is very good. The faculty here are very well supportive and knowledgeable. They teach very well.
17	I think there are no changes required. It is best as it is.
18	Need more skill development and laboratory classes.
19	Better communication with students should be there.
20	Over all bonding of both teacher and student should be better and student should not behave like introvert in front of the teacher. Thanks.
